

Library Display – Planning Worksheet

Initial Ideas

What would you like to include in your display? What will it look like? How will you link your display back to CCoC events and it's themes? How will your display encourage children and young people to be creative and read more? Where will it be? Use this space to share all of your ideas and to choose which ideas are the strongest.

What will you need?

What materials do you need to create your display and where will you get them from? Who can you ask for help?

When will you complete your display?

How will you complete your display? What jobs need to be done to create it and who will do each job? When will you start putting together your display? It might help to assign each person a job with a deadline to make sure your display gets finished on time.

Tag us on social media!

We would love to see any pictures your school posts of your library display, either on Facebook or Instagram!

You can tag us in the photo, in the caption, or in both. Our handles are @ccoc_rotherham2025 on Instagram and just 'Children's Capital of Culture' on Facebook. We will then share your wonderful creations on our page!

We would also be up for collaborating on Instagram posts which you can invite us to when you tag us. As you tag us on the image there should be an option to 'Invite Collaborators', just type in and select our handle and then post your image. We will then be able to accept your collaboration and post it to our page as well!
